

# International ANTI-CORRUPTION DAY

## Why in news ?

- International Anti-Corruption Day is observed on 9 December as a day of global collaboration involving governments, businesses, NGOs, media and citizens in the fight against corruption.

## India's position regarding corruption

- It is noteworthy that India is ranked 85th among 180 countries in the Corruption Perception Index (CPI) released by Transparency International every year.

## History of International Anti Corruption Day

- International Anti-Corruption Day was established on October 31, 2003 after the United Nations passed a resolution.
- This day is organised by the United Nations Development Program and the United Nations Office on Drugs and Crime.
- Many conferences, campaigns etc. are started on this day, through which work is done to spread awareness regarding corruption.

## Theme of 2023

- The theme of International Anti-Corruption Day 2023 is 'UNCAC@20 – United the World Against Corruption`.
